

Chicago CRED

Over the course of an eight-week paid internship in the summer of 2022, Emerson Collective will catalyze an extraordinary and talented group of college students through mentorship, enriching programs, and meaningful work experience.

Interns for the EC Internship will work out of the Emerson Collective offices in Palo Alto, California or Washington, D.C., with some exceptions for a small number of teams.

Interns work across teams on a wide range of issues. Summer interns will also participate in weekly programming designed to develop leadership capacity and build professional networks.

Scope

At Chicago CRED, we take a multifaceted approach to reducing gun violence, one proven to work in other cities. To create lasting change, we work directly with the individuals who are most likely to carry a gun or get shot, and with the communities where gun violence is most concentrated. Through Street Outreach, Coaching & Counseling, Workforce Development, and Advocacy & Prevention, we lift young people, and rally neighborhoods to dramatically rewrite the story of gun violence. Working at Chicago CRED, interns will engage with our participants, remaining proximate to the issue. Interns will develop a detailed understanding of the complex factors that contribute to violence and witness firsthand the power of comprehensive solutions. Interns will also build flexibility by adapting and contributing to special projects that arise across multidisciplinary teams. The CRED intern will work at various community-based sites across Chicago.
